MAKE YOUR OWN SOUND

INTRODUCTION

The Akrapovič Custom Range for Harley-Davidsons is aimed at Harley riders who are looking for a bit more exclusivity: riders who appreciate fine European craftsmanship, outstanding performance, design, and of course the unmistakable deep resonant sound of Akrapovič.

Akrapovič is the leading manufacturer of premium exhaust systems for motorcycles and performance cars. It is also a leader in carbon fibre parts and the innovative use of titanium. Akrapovič exhaust systems are known for their impact on performance, their lightness, durability and sound.

Founded by former motorcycle racer Igor Akrapovič twenty-four years ago in Slovenia, the company has grown to international prominence through its successful support of leading racing teams. To date over eighty world champions have achieved success with Akrapovič exhaust systems. The company operates out of state-of-the-art factories in Slovenia, employing 500 people and distributing its products in more than sixty countries.

At the heart of our business is our state-of-the-art factory in Ivančna Gorica, Slovenia. The advantages that our technology, processes, and passionate employees bring to the world of custom are explained in the following pages.

**ABOUT AKRAPOVIČ**

*State-of-the-Art Facilities*

All our facilities are state-of-the-art, purpose built and enable us to design and produce the best exhaust systems. Our philosophy is to design and make it in-house so we have full control over the process, materials, technology and final product.

*Highest Technology, Best Materials*

Akrapovič is a world leader in the development and application of technology and materials. Technology and its application is developed in house and we only use the finest materials. For our custom range the best quality Austenitic stainless steel, chrome plating and silicone based black powder painting.

*Research, Development and Testing*

Akrapovič invests heavily in research and development and uses the latest testing equipment. We do this to ensure our products are the best and also that we meet the strictest homologation standards where these are required.

*Passion and Expertise*

Few can match the expertise and passion of our employees. Over twenty years dedicated to innovation and making the best exhaust systems for motorcycles, whether for the racing world or for your next trip.
Enhance the looks, sound and performance of your Harley-Davidson V-Rod with an Akrapovič exhaust system. Choose our Open Line for optimum performance and deep resonant sound. The complete exhaust system includes a stainless steel header, carbon heat shield, noise-reduction insert, titanium muffler and installation instructions.

For perfect performance, throttle response and durability, specially developed mapping from our partner Dynojet must be used. V-Rod Muscle:

If passenger footrest should be still used please order optional fitting kit P-X101.
